THE FOUR FACTORS OF FENG SHUI

When analyzing the quality of a property's Feng Shui, these four integral factors are universally applied in all Feng Shui systems:

- Refers to the external landforms – mountains, lakes, rivers, roads, highways, etc. – surrounding the property from which the main source of Qi, the type of Qi, and its flow to the property is determined.
- Plays a role in influencing the types of Qi present, which consequently affects the quality of the occupants in the property

- Refers to the structural design of the Building on the property.
- Determines the effectiveness of the building design in receiving and retaining positive Qi within the property.

- Refers to the occupants who inhabit the property.
- Determines whether the location and orientation of the property, as well as the Qi tapped into the property, is suitable for its occupants in terms of their personal wellbeing, goals and objectives.

- Refers to the time cycle of the property and/or individual occupant.
- Determines whether positive Qi from the external landform features is timely for the property on a long-term basis.

LONG-TERM FENG SHUI VS. SHORT-TERM FENG SHUI

Long-term Feng Shui

Long-term Feng Shui refers to methods used for long-term goals, usually spanning decades. The effects are not as quick compared to short-term Feng Shui. The plus side is the cumulative effects of long-term Feng Shui is considered more potent in nature. It generally involves the assessment of external landforms and utilizes static formulas such as 8 Mansions.

Short-term Feng Shui

Short-term Feng Shui refers to a Feng Shui assessment and arrangement that is short-term in nature and in approach. It generally requires a daily, monthly or yearly assessment. The effects are quick and dynamic. However, the downside is that the effects are of course short-lived and less potent. It tends to involve the Feng Shui of the interior, and utilizes systems such as Flying Stars. For instance, for short-term Feng Shui we would be looking at the Annual Flying Stars for the year 2022.

THE 24 MOUNTAINS

The 24 Mountains are the 8 Main Directions on a compass, trisected into 3 sub-sectors for each Main Direction. Each of the 24 Mountains also has a Yin or Yang quality that is marked on a Luo Pan. In addition, the 12 Animal Signs (professionally known as the “Earthly Branches”) of the 24 Mountains represent the position of the Earth in relation to the Sun.

DEMARCATING THE PROPERTY

STEP 1

Obtain the floorplan of your property and then locate the center point by drawing two lines across from all four corners.

STEP 2

Next, stand at the center point and check your compass for the directions. Divide the floorplan into eight equal sections based on the correct directions as illustrated here:

STEP 3

Obtain the Annual Flying Stars Chart for the year 2021. Place the numbers into their corresponding sectors:

2022 FLYING STARS & YEARLY AFFLICTIONS

SECTOR	ANNUAL STAR	KEY WORDS	FORECAST
Southeast	4 Green	Romance, Academic Success	Those in the academic or artistic fields will benefit greatly from the #4 Star, which is located in the Southeast this year. Writers and people who are involved in academic and research work should ideally work in this sector of their home or office. The #4 Star also bodes well for romance and love, and couples who use this sector will enjoy a better relationship. If you use a Southeast Main Door, or sit in the Southeast sector of your office, you are likely to do quite a bit of traveling this year.
South	9 Purple	Happy Events, Promotions	The effects of the #9 Star in the South sector suggest potential success through the demonstration of one's talents and abilities. You will benefit greatly from expressing your skills and showcasing your talents. It is also a Wealth sector, so if you are looking to improve your financial and wealth prospects, particularly in permanent or long-term jobs, this sector's energies can make it happen for you. It is also a beneficial sector to increase the profits from investments and can help you achieve fame and recognition.
Southwest	2 Black	Illness, Stress	If you are of bad health, avoid the Southwest sector this year, as the #2 Illness Star can aggravate health-related issues. Pregnant women should be particularly mindful and stay away from this sector. In order to reduce the negative effects of this area, place metal items here, such as objects made from bronze, copper, brass, or pewter. On the upside, this sector can provide you with good returns if you are in a property-related field.

2022 FLYING STARS & YEARLY AFFLICTIONS

SECTOR	ANNUAL STAR	KEY WORDS	FORECAST
West	7 Red	Discord, Robbery, Theft	This sector can have a profoundly negative impact on your physical and emotional wellbeing. If you are married you are advised to avoid this sector of the home or you will be bogged down in conflict and frequent quarreling. If your Main Door is located in this sector, there are negative effects in place that could increase your likelihood of being robbed or have items stolen from you.
Northwest	6 White	Authority, Power, Career Advancement	The presence of the #6 White Star suggests the possibility of climbing the career ladder and gaining more authority at work. There is a likelihood for being recognized for one's efforts and it is a great sector to use if you wish to make an impact at your workplace or your career. However, while this Star is generally positive, if activated by negative forms outside, it can lead to sudden, unexpected changes in the workplace that raise your stress level and has a negative effect on your physical health.
North	1 White	Reputation, Recognition, Advancement	This is the ideal location for those who are keen on self-improvement and better their communication skills. It's a great sector to work or study at, and can result in success on multiple fronts – whether that be in your career or in an academic setting. It is also often associated with career advancement and increased travel, as well as wealth accumulation. Due to its positive impact on your communication skills, it can also help better your relationships with others.

2022 FLYING STARS & YEARLY AFFLICTIONS

SECTOR	ANNUAL STAR	KEY WORDS	FORECAST
Northeast	8 White	Wealth & Finance	Those seeking prosperity and good fortune should pay attention to the Northeast sector, as this will be one of the Wealth sectors in 2022. If your Main Door is located here, then it will capture positive energies and greater returns on investments all year. If your Main Door is not located here, try to find more ways to use this sector for work and money-related matters to take full advantage of this energy.
East	3 Jade	Arguments & Gossip	Avoid the East sector this year as it is host to the #3 Jade Star, which brings arguments and gossip, as well as troublesome disagreements. If triggered, this Star can result in conflicts that have serious consequences, such as lawsuits and legal complications. Mitigating these events from happening is recommended and you can do so by placing an oil lamp or bright red items here.

AUSPICIOUS & INAUSPICIOUS LOCATIONS IN 2022

SE	S			SW
	4	9	2	
E	3	5	7	W
	8	1	6	
NE	N			NW

The most favourable locations in 2022 are:

- Northeast (Star 8)
- South (Star 9)
- North (Star 1)
- Southeast (Star 4)
- Northwest (Star 6)

AUSPICIOUS & INAUSPICIOUS LOCATIONS IN 2022

The most unfavorable sectors in 2022 are:

- Center (Star 5)
- West (Star 7)
- Southwest (Star 2)
- East (Star 3)

For those who want to take full advantage of the positive energies in 2022, we recommend to follow the annual and the monthly Flying Stars. The rule of thumb is to “Chase the Stars”, which means that one should always activate or make use of the positive Annual Star #8 for wealth matters, #1 if you are looking for helpful people, #9 for long-term investment opportunities and passive income, #6 for promotions and career advancement, and #4 for academic success.

Chasing the Stars mean that you will have to spend time in those areas that contain the Star you want to make use of. For more short-term goals you can do the same with the Monthly Flying Stars. The key is to identify what you want and then activate and utilize the Stars in a targeted manner.

AREAS THAT SHOULD BE AVOIDED FOR RENOVATION IN 2022

DO NOT RENOVATE

Northeast 3

Southwest 3

Center

North

THE GRAND DUKE (太岁)

NORTHEAST 3 (52.6° - 67.5°)

→

寅 Yin	NORTHEAST 3 Grand Duke 太岁
----------	------------------------------

2022 is the Year of the Water Tiger, and the Grand Duke resides in the Northeast 3 corner. If you trigger this area negatively, there will be detrimental consequences. However, these can be avoided altogether if you refrain from any activities in this sector and focus your time and energy on the more auspicious areas of your home or office.

It is vital to understand that these locations apply not only to your home, but also all other spaces where you spend a considerable amount of time. Be mindful of where you work and do not locate your desk in this area or face Northeast 3 in 2022. It can however be advantageous for you to put your back facing towards the Grand Duke, as this will enable you to better exercise authority and control in the workplace.

THE YEAR BREAKER (岁破)

SOUTHWEST 3 (232.6° - 247.5°)

申	SOUTHWEST 3
Shen	Year Breaker 岁破

The presence of the Grand Duke in any year makes any direction opposite to it an automatic no-go zone as it assumes the position of the “Wrath of the Grand Duke”. In 2022, the Year Breaker is located in the Southwest 3 direction and it is best not to activate this area at all.

If you have made any plans or arrangements to renovate or make changes in this area, it is advisable to wait until the year has passed and save your efforts for another time.

THE THREE KILLINGS (三杀)

NORTH (337.6° - 22.5°)

壬子癸	NORTH
Ren Zi Gui	Three Killings 三杀

To avoid any misfortune or mishaps in 2022, it is best to leave the North sector of your home undisturbed as it is occupied by the Three Killings Star. It is advisable to avoid any activity in this space to reduce any possibility of the Star's negative effects manifesting in your life.

This Star could be activated by any major changes to the immediate environment – both internal and external. Therefore, it is best to avoid any home improvement activities, such as renovations, breaking walls or ground-breaking activities in this sector. Failing to do so can result in loss of material possessions, health issues, accidents and robbery.

THE FIVE YELLOW (五黄) CENTER

中	CENTER
Zhong	Five Yellow 五黄

The center of your home is another risky zone this year as it becomes the host of the Five Yellow Star. To avoid misfortune, it is best to completely avoid any activity in this area. Even seemingly small improvements, such as nailing or drilling a wall should be avoided in order to ensure you pacify this Star.

Should there be any residents sleeping in this area, it is best to relocate them elsewhere within the home for the duration of the year 2022.

The locations that have the most detrimental health effects in 2022 are:

- Center: The dreaded Annual #5 Calamity Star flies into the center of your home or office this year and brings with it all kinds of issues – most notably health problems. Avoid spending more than 1 hour per day here.
- Southwest: The Annual #2 Illness Star will take up residence in the Southwest sector in 2022. It is particularly risky for pregnant women and elderly folks with chronic health issues.

CHALLENGES & OBSTACLES IN 2022

Every year brings challenges and opportunities – and the goal of Feng Shui is to make us aware of both and then navigate around the difficult energies while taking full advantage of all the positives around you. And while challenges and obstacles can't be avoided completely, after all they are a part of our lives, we can always do our best to minimize them to such a degree that they hardly appear on our radar.

With that said, the following sectors should be avoided in 2022 or, if you can't avoid them entirely because you can't move your desk or bed, then refrain from any hammering, drilling, moving around of furniture or any Water feature installation in those areas:

- Center: The Center of your home is host to the dreaded Annual #5 Yellow Star, which can cause all sorts of calamities and disasters. Luckily, very few homes have bedrooms, kitchens or home offices located dead center, so you are likely not going to be feeling such exposure. However, do not renovate, hammer, drill or move furniture around in the center of your home in 2022.
- Northeast 3: This is the Year Breaker location for 2022 and is particularly harmful for the elderly if and when activated. Refrain from sleeping here and do not disturb this sector.

Challenges & Obstacles in 2022

Center | Northeast 3

IMMUNIZE YOUR HOME IN 2022

In order to further reduce the risk of suffering from one of the major annual afflictions that can bring unnecessary obstacles into our lives, we can activate certain areas of our home to “immunize” it from negative energies and usher in good luck and fortune instead. This is best done at the beginning of the Chinese New Year (4th February, 2022), but if you need a boost in your fortune, this can be done throughout the year.

The Stars we wish to activate are called Sun, Moon, Dragon Virtue, and Fortune Virtue. Each year, the take residence in different sectors.

Simply install a moving Water feature in these four locations (any of them or all of them, as you wish) for no more than 2 weeks at a time:

- West 2: The Dragon Virtue Star will solve problems and protects you from harm.
- Northwest 3: The Fortune Virtue Star can be activated to usher in happy events. It is great if you want to improve your positive energies.
- East 2: The Sun Star is a Nobleman Star and brings helpful people into your life.
- Southeast 3: The Moon Star is also a Nobleman Star and brings helpful people into your life – mostly females.

THE YEAR OF THE WATER TIGER AND THE 12 ANIMAL SIGNS

Rat Years: 1912, 1924, 1936, 1948, 1960,
1972, 1984, 1996, 2008, 2020, 2032

If travel is in your plans this year, then check the weather report and purchase insurance beforehand, as the **Calamity Sha Star** brings unnecessary problems and the possibility of natural calamities.

Be especially careful because the inauspicious Star known as **Sky Dog Star** indicates bodily injuries or scars resulting from small accidents. In the olden days this Star denoted getting hurt by weapons, but in this day and age, it usually suggests getting minor surgeries or cuts. Do not be overly concerned as it is unlikely that these injuries are life threatening. However, it would be wise to refrain from extreme sports or high-risk activities.

Do not attend funerals this year, as the **Funeral Guest Star** makes you more susceptible to outside spirits. It would also be advisable to stay away from graveyards or cemeteries, especially at night time.

The **Prison Inmate Star** can lead to feelings of being trapped – be that professionally or personally. Take small steps forward to avoid giving into this feeling.

If you are single, then the **Red Chamber Star** will bring ample opportunity for short-term entanglements and affairs. For those in a committed relationship this could be a year to strengthen the intimate ties with you partner.

THE YEAR OF THE WATER TIGER AND THE 12 ANIMAL SIGNS

Ox Years: 1913, 1925, 1937, 1949, 1961,
1973, 1985, 1997, 2009, 2021, 2033

This year, the **Red Matchmaker Star** appears in your favour, bringing along an air of romance. You will be presented with opportunities to meet new people, plenty of positive social activities and even love related news. The Red Matchmaker Star is one of the four Peach Blossom Stars and as a Relationship Star, this means great news if you are still single and looking for a partner. Luck is on your side if you are proactive in love matters this year.

Those who are already in a relationship will also enjoy auspiciousness within your relationship, as this Star helps strengthen your love for each other.

In addition to that, this Star has the ability to attract new customers and clients – and even fans, depending on what your career is. Use this opportunity to your full advantage and promote yourself.

Ensure that you are taking good care of yourself this year and find some work-life balance. The **Sickness Charm Star** poses a risk of facing health issues. There is a chance of falling ill if you are not careful and it is advisable that you seek ways to detox your body and find a healthy regimen this year. Do not neglect your health check-up and exercise when you can.

The **Sky Sha Star** is one to be aware of as you may find yourself experiencing accidents or unpleasant incidents that cost you money.

If you suddenly have insecurity issues, it is due to the presence of the **Lonesome Star**. Known to cause one to feel lonely and possibly abandoned by loved ones, it can be difficult to handle when you believe nobody cares about you. Keep in mind that everybody else has things going on in their lives and others may also be struggling and it is not personal when they cannot make time for you. Remember that there are many who care about you and all you need to do is reach out to them. If you make time for them, they will do the same for you.

Meanwhile, the **Surpassing Path Star** will make you a bit more anxious, impatient and agitated, so try to ground yourself and exercise patience.

THE YEAR OF THE WATER TIGER AND THE 12 ANIMAL SIGNS

Tiger Years: 1914, 1926, 1938, 1950,
1962, 1974, 1986, 1998, 2010, 2022, 2034

Your long-term plans may be faced with disruptions due to the **Grand Duke Star**. Unexpected problems will surface, forcing you to make changes. Not everybody is comfortable with change, but the more you embrace change, the better this year will work for you. Be spontaneous, and this is actually a good Star to have at your side.

The **Duke's Arrival Star** on the other hand shines in your favour this year by opening doors for you to attract a lot of attention. It will feel like all eyes are on you as everybody is mesmerized by you and what you have to offer, while at the same time finding you effortless to connect with.

It will be especially helpful if you are in the business of profiting from a large group of loyal customers or followers. This particular Star will put you on centre stage and let you shine.

Studying and picking up a new skill will come effortlessly to you this year as the **Intelligence Star** opens up opportunities for learning new things. Those seeking to have more wealth will have the chance to acquire the knowledge about how to amass a fortune. If you are employed under others, you will have improved problem-solving skills. As someone in a leadership role, you will be able to enhance your management skills. And as a student, this year will be very favourable for any academic endeavour.

Be mindful of your communication this year, particularly with family members. The **Hidden Corpse Star** has the tendency to bring about communication breakdowns and misunderstandings.

If you are feeling a bit low or down, then you can blame it on the inauspicious **Sword Edge Star**, which is the harbinger of stress and depression. Take plenty of time to pamper yourself this year and focus on self-care to avoid the negative effects of this Star.

The **Peeling Head Star** can make you feel like you're being suppressed, especially once you've reached the top, but don't let these feelings bring you down, it's just a matter of perception. Ignore the petty people around you. This Star also has a darker side and can indicate illness or death in the family, so make sure you're in touch with your loved ones and keep checking in regularly.

THE YEAR OF THE WATER TIGER AND THE 12 ANIMAL SIGNS

Rabbit Years: 1915, 1927, 1939, 1951,
1963, 1975, 1987, 1999, 2011, 2023

This year will open new doors for you in career and business. You can look forward to career progression and networking with important people that could lead to financial gains. This is due to the presence of the Sun Star. It is one of the most powerful **Nobleman Stars** and will give you infinite energy. To activate this Star, try to be of service to others both physically and mentally.

Serve, protect and assist as much as you possibly can. Be the sun in the life of others in order to receive abundance in return.

Thanks to the **Peach Blossom Star**, you will become very likeable this year and attract attention wherever you go. Naturally, this is great for those looking to find a partner, but you can also use this in business, as people will seek you out and become repeat customers.

The **Salty Pool Star** was considered inauspicious in the old times as it indicated unexpected intimacy or relationships. This is, in fact, very good news if you are single and ready to mingle. It can result in the appearance of your soulmate or simply somebody who is perfect for a temporary relationship. Either way, individuals will walk into your life and what you make of the situation is up to you. Conversely, this could be a destructive Star if you are in a committed relationship, as it has the tendency to bringing about romantic entanglements outside the relationship.

The **Sky Emptiness Star** will bring lots of talk but no action. You may find yourself having lots of plans for the year but then looking back at the end of the year, you will realize that nothing you had planned worked out quite the way you'd hoped. The solution is to simply not plan anything.

The **Year Sha Star** will bring petty people into your life this year but fear not – if others are jealous of your accomplishments, it usually means you're doing something right. Just ignore the naysayers.

The **Leopard Tail Star** is with you this year and this means you have to watch your tongue as it will cause you to offend a lot of people. It often results in financial issues due to carelessness as well, so best to stay under the radar.

The infamous **Sky Cry Star** will make you rather emotional throughout the year – and for no good reason at all! Do not worry if you feel emotionally overwhelmed at times, this is due to the negative effects of this Star and nothing to fret about.

With the presence of the **Funeral Door Star**, your elderly relatives may need more support from you this year. This Star brings about the potential for illness and injuries to senior family members so maybe sure to check in on them regularly.

Similar to the Death Door, the **Earth Funeral Star** promises the end of something and the beginning of something new. Take advantage of this energy and end a bad behaviour or habit this year.

The auspicious **Heavenly Nobleman Star** is also on your side this year, attracting mentors and Noble People into your life who can help you in difficult times. These people may appear in the form of just the right doctor, or a trustworthy stranger, or simply a friend who can assist you going through a challenge. All you need to do is set your intention, plan a goal and a helping hand will be readily available this year.

In addition, the **Moon Star** is an auspicious Star that presents opportunities for you to gather wealth this year. Look out for doors that open as some may come in the form of a simple text from a friend asking how you are. Big or small, keep an eye out for them as they may appear from the most unexpected sources and places. This Star also brings assistance from the women in your life. It can be anyone from your mother to a female colleague. Make sure to show them appreciation for their help.

This year can become a year of confusion and uncertainty with the appearance of the **Hook Spirit Star**. You might experience miscommunication at work or enter an unpredictable period with your partner. It is also a time where upset individuals come back to haunt you over a promise you mad a long time ago. It is best to settle things with these people as soon as you possibly can, before the matter gets blown out of proportion.

The **Six Harms Star** is a Star that causes one to feel a desperate case of loneliness. You may suddenly become sensitive to others leaving or not being able to spend time with you and there is a tendency to become solitary and get lost even deeper in the depths of isolation. Do not allow yourself to indulge in this sadness, as it can lead to severe depression.

This is even more pronounced thanks to the **Solitary Star**. It will help to talk to those closest to you and share your worries and fears with them as you experience bouts of loneliness. This Star can also indicate a lower immune system, which means you are more prone to sickness than usual, so be sure to take extra care of yourself.

Beware of those who gossip about you as this is one of the effects of the **Piercing Rope Star**. You do not have to acknowledge what is being said but keep an eye on the rumour, in case it grows into something that may ruin your reputation or create bad blood between you and others. Also be on the lookout for dubious individuals who could approach you with questionable investments. This Star particularly affects those who do not deal well with pressure. Learn to manage your stress levels.

THE YEAR OF THE WATER TIGER AND THE 12 ANIMAL SIGNS

The **Death God Star** is known for making a person forgetful. The likeliness to overlook details, dates and important information is high, therefore you must make a habit of writing down things as they happen. There is also a risk of offending others, which may lead to outbreaks of arguments over trivial matters. Bite your tongue when you get the feeling you may be entering into a dispute. Better be kind than right.

This year will open many doors for you and in the case of the **Jade Hall Star**, the opportunity for asset acquisition presents itself. As one of the Wealth Stars, this is an excellent time for you to make plans to expand your influence in your workplace or to take on more responsibilities. You should prepare yourself for openings in career advancement and a pay raise as your Wealth Luck is strengthened by this Star. There will be an increase in your self value, so get ready to make lifestyle changes as well. Expect your owned assets to increase in value, and residual income will flow in effortlessly. You might find yourself suddenly being able to afford things you have had an eye on for a long time. However, if you are not owning any assets, keep in mind that this Star is not very effective in generating wealth.

With the presence of the **Five Ghost Star**, this year may be a bit challenging as you don't believe what you see, you may easily buy into lies and get scammed. Beware of promises that sound too good to be true!

Thanks to the **Golden Lock Star**, you have the chance for wealth and financial gain, bonuses or increase of income in profit margins.

The appearance of this Star is akin to receiving a box of gold as a gift. This Star shows that it is a very suitable time to take on a new job or role with added responsibilities.

Having more responsibilities means you need to have an air of authority and leadership skills. This will be boosted for you by the **General Star**. You will find that people around you are cooperative in supporting you as this is a great leadership Star. Surrounded by good people, you will also discover sincere individuals are everywhere and they are ready to lend you assistance, while also offering you their strength when you are in need. If you have been considering a management position, this is a great time to go for it.

The **Three Stages Star** opens doors for career and success or business expansion, which can lead to an increase in income.

Be careful not to overlook the small print in contracts and obey by the rules, as the **Officer Charm Star** can bring about legal problems. It has the potential of attracting people who are upset over promises you made in the past but have yet to fulfil. If this occurs, find a way to quickly resolve the matter before it affects your reputation or worse, your safety. Problems with documentation can also arise under this Star, so always read the fine print.

This is even more amplified by the presence of the **Flying Charm Star**, which also attracts legal issues, if not careful.

This is a favourable year for relationships as the **Sky Happiness Star** denotes the building of long-term connections. For those who are single and waiting for the right one to come along, this is a promising year and you should actively start searching for the right one. There is also good news if you are already in a committed relationship because this Star can help strengthen your bond. Show your partner how much you love and appreciate them.

That being said, your career is showered by luck this year as you find all your efforts are easily recognized, boosting your chance of a promotion. This is thanks to the **National Treasure Star**. You have increased opportunities to gain power and authority at work, with a bigger chance if your superior is male. Along with that also comes an increase in income. You will be given more responsibilities and additional power over running things.

Another Star that can bring about new people and connections is the **Monthly Virtue Star**. However, this Star does not limit itself to intimate settings. Helpful individuals will lend you support in times of need, perhaps even assisting in dissolving big problems into lesser ones. You will be able to resolve issues from the past, which is useful for focusing on new ventures this year. Communication issues and disputes with customers, employers or employees will be easily straightened out.

When it comes to health, the **Death Charm Star** will make you prone to common illnesses. Although largely harmless, it will affect your productivity, as you may have to take time off to heal. Your own physical state is not the only thing to look out for as elderly relatives, particularly senior males, are vulnerable to falling ill this year. Pay special attention to them and take them for a health check-up if possible.

The appearance of the **Lesser Consumer Star** will bring about tendencies for reckless financial habits. Without prudence and proper planning, you will experience a rapid outflow of cash. There is a possibility of financial loss from being cheated by seemingly trustworthy individuals. Rather than spending money on frivolous things with no return on investment, rather invest it in assets that increase in value over time.

Monkey Years: 1920, 1932, 1944, 1956,

Unsettling and unexpected situations may take place as the Year **Breaker Star** represents changes. While some people embrace big and small changes, sudden ones can come as a shock. Always have a backup plan when organizing anything and allow room for adjustments.

The **Blood Knife Star** can bring a potential risk for smaller surgeries, but nothing life threatening. Ensure to go for a scheduled health check-up and refrain from any dangerous activities.

From the prosperous side of things, the **Sky Horse Star** could mean that your dream to relocate or work abroad is finally going to happen. There is a possibility of travel either due to your career or to pursue further education. Doors of opportunities will open for you to make money from doing business overseas and internationally – even if that may just be over Zoom! Seek out international business partners and open up overseas markets. This is a great Star if you are thinking of expanding your business.

This year you will find resolving problems effortless due to the presence of the **Relief God Star**. This Star helps solve financial, relationship and even health issues. You can rely on this Star to reduce at least half of your worries. Having an extra edge on solving problems is an enviable skill – especially this year where you also have the **Earth Relief Star** by your side. With this comes the ability to turn negative situations into positive ones.

The **Month Emptiness Star** has the tendency of making you daydream a little bit more than usual, with inspirations and big ideas hitting you every time you look at something positive. Discuss with others before making any big decisions.

This year, with the **Eight Seats Star** with you, you may suddenly become famous overnight. There is a chance of breaking the internet via a viral posting. From a positive perspective, social media can be a lucrative way of making a living. Use your newfound ability of influencing others for good.

That being said, problems with financial affairs will arise with the presence of the **Greater Consumer Star** this year. You will develop a tendency to spend money aimlessly with a chance of making a huge purchase with long-term impacts. If this purchase is land or property, this is positive. However, watch out for reckless spending.

The aptly named **Obstacle Star** will create challenges in the most trivial situations. Expect to encounter hurdles in your plans and in daily life. You will need to put in some extra effort to achieve your goals. The key to overcoming this Star is perseverance. The **Instability Star** means you will be prone to water-related accidents and injuries, so you may want to avoid water sports. In addition to that, you will suffer indecision, always changing your mind while making decisions.

THE YEAR OF THE WATER TIGER AND THE 12 ANIMAL SIGNS

Rooster Years: 1921, 1933, 1945, 1957,

You will develop strong problem-solving skills and be able to change unexpected negative situations into positive ones. Even if the year turns out to be a bumpy ride, you are competent in tackling each issue with ease.

Sometimes, the presence of an auspicious Star can cancel out the presence of inauspicious Stars. Such is the case with the **Heavenly Chief**. Held up as one of the most auspicious Stars, you can expect a barrage of abundance this year. Look out for many opportunities, benefits and added responsibilities coming your way along with the support and resources you need. Happiness and great achievements can be yours. Build strong relationships and connections this year to make full use of this Star.

Unwelcome surprises in the form of abrupt changes can take place under the **Brutal Defeat Star**. You will face sudden ups and downs and obstacles if you are not wary. Always have a backup plan.

Minor accidents can be brought upon you by the **Dark Sky Star**, but the **Emperor Star** will largely neutralize such inauspicious occasions.

There will be opportunities for career advancement and the pursuit of professional interests this year. Climbing the executive ladder will give you a boost of confidence and a sense of independence. At the same time, you will constantly be inspired, driving you to produce creative work. This is all due to the artistic nature of the **Elegant Seal Star**. This is also an excellent Star if you are employed in sales and marketing, where creativity is key.

The **White Tiger Star** warns you against accidents that may cause bodily injury and harm. The risk of this happening depends on whether or not you expose yourself to dangerous situations.

The **Sky Warrior Star** causes miscommunication, so you may want to be very careful with what you say, especially if you are a public figure.

Beware of accidents due to absent-mindedness. Being careless may not be harmful in a day-to-day situation, but when it comes to making big business decisions that involve a sizeable amount of money, you must remain alert. The **Flying Chaste Star** increases the likelihood of negligence as a result of inattentiveness.

Whatever you do, you need to exercise caution this year. The **Great Sha Star** has a tendency to make you reckless, which will result in impatience and over-eagerness. If you are not careful, the consequences may be damaging to your finances and your reputation.

Individuals may come into your life to offer assistance. Such is the case with the **Grand Duke Combination Star**. You can expect to receive guidance from Noble people and mentors who will be on hand with love and support for you. This Star also allows you to connect with people of power and authority, which will come in handy if you are seeking approval for licences or permits.

Another prosperity Star that works in your favour this year is the **Fortune Virtue Star**. It denotes a good time all around, from delicious food, great parties, enjoyable times and perhaps the chance to explore the world. It is a time of contentment and celebration with family and loved ones. Activating this Star requires activities that you have not done before and that create good memories.

The **Heavenly Virtue Star** gives you the ability to remove obstacles in life. You will be handed new commitments but with these responsibilities comes the assistance from friends, family and colleagues.

The good news continues in the form of professional progress, thanks to the **Prosperity Star**. You will find doors of opportunities open for you to receive a promotion or a salary increase. Grab all the chances that present themselves.

Practice caution this year as the **Robbery Sha Star** has a tendency of bringing individuals with negative influence into your life. Do not place yourself in a vulnerable position and be careful that opportunities won't be taken away from you by competitors. The possibility of losing cash or valuables is high, so be aware of your surroundings. As a business owner, ensure to keep your account in check.

This year, you may find yourself involved in arguments with others more so than usual. This is due to the **Curled Tongue Star**. Issues may arise over seemingly trivial matters with people around you and you should expect some gossip to be spread about you behind your back. Avoid addressing mindless chatter.

ABOUT SUSANNE SCHUTZ

Having lived and worked in Asia for three decades, and with extensive knowledge of business cultures in both Europe and Asia, Susanne Schutz felt that Chinese Metaphysics was missing something.

In 2014, she founded Suzhong Consulting. The company was born out of her awareness of the need for a more professionally based Chinese Metaphysics consulting service.

Susanne is uniquely positioned in her level of both business experience and Chinese Metaphysics mastery, having studied with Grandmaster Dato Joey Yap and holds four Masters Degrees in Chinese Metaphysics – Classical Feng Shui, Bazi Astrology, Chinese Date Selection, Qimen Dunjia.

Susanne bridges the gap between local Chinese Metaphysics Masters who rarely explain their practices and procedures, and cosmopolitan clients who require a more modern and adaptive approach, a deeper understanding and rationale for the solutions presented.
